

CEO's Secret Lover Novel Chapter 66 To 70

Chapter 66 - Fiancée

"Is that so?"

"Mister said that you should sleep first. There's no need to wait for him." The Sister He said.

Luo Qing Yun didn't sleep at all, she just dragged her tired body up the stairs. In the soft bed, she closed her eyes and tried to force herself to sleep.

But all he could think of was the Miss Huo crying in Su Chen Hao's arms.

The usually cold and indifferent Su Chen Hao also seemed to be especially different from her. His face was warm and his tone was gentle as he coaxed her.

Was it really his sister?

Why he never mentioned it.

Unknowingly, she began to let her imagination run wild again. The more she thought, the more confused she became. The more confused she became, the more she couldn't sleep.

After tossing and turning for an entire night, she was finally tired by the time it was dawn. Only then did she slowly fall asleep.

And during this period, Su Chen Hao had never come back.

The night passed just like that, and early in the morning, Luo Qing Yun woke up from her dream.

When he turned around to look at his side, he saw that Su Chen Hao was not around him.

Ye Zichen picked up his phone and checked the time. It was 7 in the morning.

Normally, Su Chen Hao would not wake up at this time.

But now he wasn't in bed, which could only mean one thing. He hadn't come back at all last night.

Not only did he not come back last night, for the next few days, Su Chen Hao did not come back to the villa.

Luo Qing Yun couldn't help but call several times, and it was always Qiu Ye who answered.

The only reply she had was that CEO was busy and did not have time to pick up the phone.

Finally, there was one time, during the evening, when she tried to call Su Chen Hao again, a sweet and clear female voice came out of the phone, "Hello, are you looking for Big Brother Chen? He just went to the bathroom. "

Hearing this voice, Luo Qing Yun's heart dropped, as a bad premonition surfaced in her heart.

"May I ask who you are?" Resisting the unease in her heart, she asked with a trembling voice.

"I'm Big Brother Chen's fiancée. Wait a moment, Big Brother Chen is back. I'll let him listen to the phone ..." The other party's tone was very light, and his voice was sweet, "Big Brother Chen, your phone is ringing. I've connected it for you, it's a lady."

When Luo Qing Yun, who was on the other side of the phone, heard the words "fiancée", his heart suddenly contracted, as an indescribable pain spread out from within his heart.

How could that be?

His fiancée?

"What is it?" That familiar voice entered his ears, low and steady.

Luo Qing Yun calmed her emotions. She wanted to make her voice as normal as possible, but she was still unable to hide her sobs.

"That girl just now, she ..." "Who is it?"

"You want to know?" he asked.

Luo Qing Yun was a little flustered in her heart. Of course she wanted to know the identity of that girl, but if she was really his fiancée, how would she act?

What about the child in her womb?

However, if he didn't figure out the girl's identity, would she feel at ease?

"I'm going to the villa tonight." He probably knew that she was conflicted and continued speaking without waiting for her reply.

"I... "Waiting for you ..." Before she could finish speaking, the other party had already hung up.

Looking at the hung up phone's screen, Luo Qing Yun felt a wave of disgust.

She burst into the bathroom and retched again.

While waiting, every minute and every second was torturous.

Luo Qing Yun sat on the sofa blankly as she watched the bells on the wall move around in circles.

Seeing her expression, Sister He was a little annoyed, so he advised, "Miss, don't think too much. Mister will be back in a while, he will definitely give you an explanation."

"Sister He, do you think he likes me?" Luo Qing Yun asked with a silly expression.

"I like it, of course I like it. Sir is so good to Miss, how could I not like Miss?" Sister He hurriedly replied.

"But the girl said she was his fiancée."

"This... It might be a misunderstanding, but didn't you say that Teacher will be back soon? I'll give you an explanation." Sister He didn't know how to persuade her.

In fact, since the day Su Chen Hao left, she had already sensed that the relationship between the two of them might not be so simple.

Especially since the girl looked like she relied heavily on Su Chen Hao, and Su Chen Hao was so soft and gentle towards her. He had rarely seen such a scene when they were together.

Adding on the girl's clothing and temperament, it was obvious that she was a young lady from a wealthy family with a single glance. Therefore, people would not doubt that she was Su Chen Hao's fiancée.

In comparison, Luo Qing Yun was like a delicate flower that had been raised by Su Chen Hao in the backyard. For the sake of constructing a garden, he shielded herself from the wind and rain.

It was just that Luo Qing Yun thought that she was simple, that it didn't matter if he treated her well. After getting along with her these past few days, they had grown feelings towards each other, so her heart still sided towards her a little, and she hoped that Su Chen Hao could treat her a little more.

The door of the villa was pushed open from the outside.

Luo Qing Yun seemed to have a conditioned reflex as she quickly stood up from the sofa and stared right at the door.

However, the person she was waiting for was not Su Chen Hao, but Qiu Ye.

"Qiu Assistant, why are you here so late at night? "Where's Mister?" When Sister He asked this question, he did not forget to look behind him.

Qiu Ye walked straight in front of Luo Qing Yun and said hesitantly, "Qingyun, CEO, he ... "I have something to take care of, so I won't be able to make it in time."

After Luo Qing Yun heard these words, her entire being seemed to have been drained of all of her strength, and she slumped down onto the sofa.

"Miss ..." Seeing that, the Sister He thought that she was going to faint, and quickly took a few steps forward to check her situation.

Luo Qing Yun powerlessly waved her hands at her, she had been trying to hold back her tears from flowing out with a questioning gaze. She looked at Qiu Ye, "He ... So busy? You don't even have time to explain it to me? Or is it that he disdains doing it at all? "

"Qingyun ..." Qiu Ye knew that she was hurt, but he didn't know how to comfort her. He just stood there, not knowing what to do.

Luo Qing Yun took a deep breath, calmed herself down, and then asked, "Okay, he refused to come. Then let me ask you, is that Miss Huo really his fiancée?"

"This ..." Qiu Ye's expression was very difficult. He did not want to lie to her, but he was afraid that the truth would harm her. After hesitating for a while, he opened his mouth and said, "Qingyun, CEO likes you ..."

"Like me? "Is that so?" A trace of mocking flashed past Luo Qing Yun's eyes.

"The marriage between him and the Miss Huo was arranged by the old teacher long ago. The CEO never took this matter to heart and only treated it as a joke from the old man back then. Furthermore, the young Miss Huo had always been studying abroad, so the two families never mentioned this matter. Now that Miss Huo has reached twenty years of age and is Mr. Howe's only daughter, his health has not been very well for the past few years. Qiu Ye tried his best to explain the relationship between Su Chen Hao and the big miss of Huo Family.

But Luo Qing Yun didn't want to hear it at all, she only shook her head, and her tears fell down like beads with a broken string, "Since he's someone who's already been betrothed to me, why did she come to provoke me? and even brought me here ... "

"Teacher never thought that Huo Family would actually fulfill this engagement, he ..."

"If that's the case, then why didn't he come when he promised to come back tonight?" She didn't believe that he really didn't want to marry the Huo Family's Miss. If he really didn't want to, who could force him?

"He was prepared to come, but Miss Huo suddenly felt unwell and sent her to the hospital." Qiu Ye anxiously tried to explain.

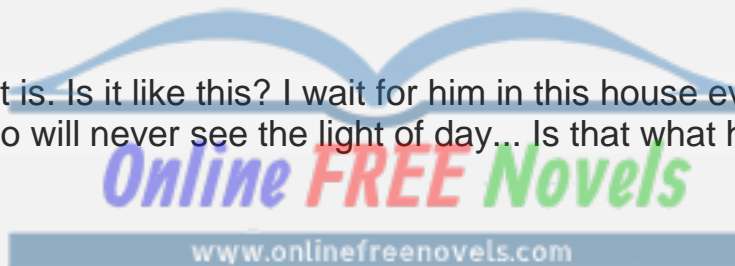

After Luo Qing Yun heard this, she let out a pitiful laugh, "So, he went to accompany her."

"Qingyun, you ... Believe me, even if Mister really marries Miss Huo, you are still the only mistress of this family. " Qiu Ye did not want her to lose hope, so he spoke with a resolute and decisive tone.

"Is that so? I am the mistress of this family, what about the Miss Huo? What about her? " Luo Qing Yun felt that these words were extremely sarcastic.

"She will not come to this villa again. The CEO will arrange another place for her."

"So that's how it is. Is it like this? I wait for him in this house every day, to be a third person who will never see the light of day... Is that what he intends to do? "

"At least, CEO never thought of giving up on you." Qiu Ye's voice sunk. These words sounded like a comforting reminder, but it was more like a reminder.

"Does he think I can't live without him?" Luo Qing Yun was finally enraged. He wanted to raise her like a pet, and make her thank him for her kindness?

"Of course not, but your father will!"

Hearing him mention his own father, Luo Qing Yun's expression changed, "What do you mean? What happened to my father? "

"You probably don't know this, but he took five million from CEO previously, but he lost it all very quickly. CEO never told you this because he didn't want you to feel that you owe him. He also didn't want you to feel inferior in front of him due to having a father like him. "

"What you said ..." Is that true? "

Luo Qing Yun looked at Qiu Ye in disbelief, she did not expect that, unknowingly, she had already owed Su Chen Hao so much.

"So, don't think that CEO has let you down. CEO is sincere to you, but there are some things that are difficult for him. If you still have a bit of conscience, don't force CEO. " When Qiu Ye said these words, there was no longer the familiar feeling of the past.

Luo Qing Yun only now understood that he was Su Chen Hao's subordinate after all. Taking Su Chen Hao's salary meant that she had to think of everything for his sake.

"In addition, the CEO has already given the orders to deal with it. I believe that the Jiang Family will fall soon, and he will take revenge for all the humiliation you have suffered."

After Luo Qing Yun heard this, she revealed a wry smile, opened her mouth, her voice was choked with emotions, and trembled. She said one word at a time, "Then I'll have to trouble you to thank Mr. Su for me."

"You ..." Hearing her reply, Qiu Ye's expression froze. He wanted to say something, but Luo Qing Yun had already stood up and walked straight to the second floor without even looking at him.

"Qiu Assistant, Miss doesn't feel good, please let her calm down. I think she will understand." Sister He softly pulled on Qiu Ye's sleeves as he asked.

Qiu Ye looked at Luo Qing Yun's skinny figure that looked like a fallen leaf drifting in the wind, and sighed: "Actually, CEO really likes her, but she also ... Forget it, just take care of Qingyun these few days and comfort her. "

"I will. Don't worry." The Sister He said as she escorted Qiu Ye to the door, closed the door, and took another look at the second floor. He couldn't bear to disturb her, so he only shook his head, and returned to his own room with a look of pity.

Luo Qing Yun returned to her room and took out the test form from her bag. Looking at the results, she laughed and cried again.

In the end, she picked up the lighter and burned all the test forms.

Lying on the bed, her trembling hands caressed the flat belly that had yet to swell. Her heart was bleeding profusely.

"Baby, what do we do? Your father doesn't want us anymore ... "

In the early morning of the next day, Sister He woke up early and went upstairs after cooking the bird's nest.

After last night's incident, she believed that Luo Qing Yun definitely did not sleep well that night.

He went up to the second floor and knocked lightly on the door. There was no response from inside.

Feeling a bit worried, she carefully opened the door and wanted to send the bird's nest inside, but she discovered that there was not a single person on the bed with silk bedsheets.

Sister He was shocked, she immediately went to the bathroom to look, but found that the bathroom was also empty.

He turned around and headed to the other rooms, but he didn't see a single person around.

Luo Qing Yun just disappeared like that, disappearing without a trace.

When the news reached Su Chen Hao's ears, he was at Su Family Mansion accompanying the old man for breakfast.

Hearing that Qiu Ye had called to inform him that Luo Qing Yun was missing, his expression changed and he put down the chopsticks in his hand.

"What happened? Even breakfast is not good. " Old Man Su frowned when he saw this, and said unhappily.

"Grandfather, I have some private matters I need to take care of, so I won't be eating breakfast with you. Take your time to eat." Su Chen Hao wiped the corners of his mouth and stood up.

"Personal affairs? What private business do you have? Is it a woman? " At the entrance of the dining hall, Eldest Wife Bai Ci Hui walked in with graceful steps.

"Mother." When Su Chen Hao saw her, he called out to her stiffly.

Bai Ci Hui looked at him coldly, then mocked, "You still recognize me? After so long, I thought you had forgotten I was your mother."

When the old man heard this, he was displeased, "Ci Hui, what are you saying? You are Chen Hao's mother, how could he forget about you? "

"Eunuch, this is not how you say it. Although this child was born from my womb, it was more like his father. What his father did to me back then, I'm sure he did. I heard that he's been living in the mansion for the past few days, but I just saw him today. So, isn't he intentionally avoiding me? " As Bai Ci Hui

spoke, she sat down on the right side of Old Man Su and faced Su Chen Hao.

When Old Man Su heard this, he knew that his wife was still angry at her grandson because of her son's betrayal. Although he was unhappy in his heart, he still felt it was still a wrong move to blame his son, so he couldn't really blame his daughter-in-law. He could only sigh, "Don't wrongly accuse Chen Hao.

Chapter 68 - Pregnancy Response

"Since Eunuch said so, then I won't be compassionate towards my son." Bai Ci Hui sneered, and said.

"Grandfather's meaning is that if Mother wants to see me in the future, she can always wake up early or go to bed late like him." Su Chen Hao said loudly before the old man could speak with a cold face.

"You ... Unfilial son, you actually have the nerve to let me and your grandfather accommodate you." Bai Ci Hui never thought that Su Chen Hao would actually say such a thing, and his expression became extremely ugly for a moment.

Su Chen Hao did not mind her rebuke at all, "Since mother is unwilling to comply, then don't blame your son for being unfilial. After all, your son did not suddenly become like this today."

He would never forget that when he was young, he would greet his mother sooner or later, but he was never put into his room. He would always kneel at the door for an hour before leaving while crying.

Grandfather only said that he was atoning for his father's sins, but he didn't understand why his father wanted him to redeem his mother. Could it be that he wanted his father to abandon his mother?

Under Bai Ci Hui's shocked gaze, Su Chen Hao bid farewell to Old Man Su, then stood up and left the dining hall.

Old Man Su didn't have any appetite after seeing his grandson leave. He was supported back to his room.

Bai Ci Hui looked at the empty dining hall, feeling annoyed and frustrated, but she had no way of breaking out, she just sat there with a cold face.

The Sisters of Lotus beside him saw that, and could only comfort her, "Madam, why do you need to do this? It was not easy to meet the Young Master, it was better to speak nicely."

"Do you think I want to? Chen Hao looks more and more like his father. When I see his face, I can't help but think of that heartless man ... " As Bai Ci Hui said this, the corner of his eye began to fill with tears.

She was a mother, and she also wanted to be a filial son. However, the wound in her heart had never fully healed, so she was unable to control it.

"Yesterday, I heard Butler Hu say that the old mister has already chosen the wedding day for the young master, on the 8th of next month. When the new daughter-in-law comes in, you will have an extra daughter." The young miss of Huo Family said that he had been studying abroad since he was young, and that the young master had also been studying abroad for many years. It is likely that the two of them have something in common that they will be very fond of, not following in Mr. Bu Fang's footsteps. " Sisters of Lotus consoled from the side.

"I hope so. Perhaps this way, I can separate him from his father." Bai Ci Hui heaved a long sigh, and convinced himself.

Seeing that she had calmed down for most of the time, Sisters of Lotus hurriedly ordered some people to serve her breakfast.

In the Jingui district.

It had already been three to four hours since Luo Qing Yun arrived at He Mei Xin's home.

Last night, at four-thirty in the morning, she called He Mei Xin to save her.

He Mei Xin very faithfully accepted her.

The next morning, she settled Luo Qing Yun down and went to work.

Luo Qing Yun who had not slept for the whole night looked at the Golden Osmanthus Tree outside her window, her heart at a loss.

How did she end up like this?

In the end, he had been overestimating his own abilities and wishful thinking.

Maybe she should have already known that with her birth and background, how could she be worthy of Su Chen Hao's honorable identity?

The story of Cinderella and the Prince only existed in fairy tales.

At night, after He Mei Xin got off work, she rushed home immediately and dragged Luo Qing Yun out for dinner.

Luo Qing Yun originally did not have an appetite, but since she did not want Mei Xin to worry, he forced herself to focus and followed her to the restaurant at the entrance of the small district.

The two of them sat down and ordered. Luo Qing Yun smelled the fragrance of the food coming from the table next door and frowned as she held her chest.

He Mei Xin noticed that the situation was bad, and immediately asked with concern: "What's wrong? Qingyun, is something wrong with you? "

"I... "Ugh ..." Just as Luo Qing Yun wanted to speak, she couldn't help but feel nauseous and retch.

Seeing that, He Mei Xin immediately poured her a cup of water.

Luo Qing Yun retched twice, drank a mouthful of saliva, and forcefully suppressed the disgusting smell.

"Mei Xin, I can't stand the smell, can we not eat this?" She was afraid that if she vomited again, not only would she defeat He Mei Xin's appetite, she would also make the table next to her want her life.

Seeing that she was not in a good condition, He Mei Xin did not dare delay any further. He nodded his head and helped her up, and the two of them walked out.

When the waiter saw this, he immediately stopped them, "Miss, where are you going? You haven't ordered anything yet."

He Mei Xin thought about it and immediately took out one hundred yuan from her bag to give to the waiter, "We will not eat anymore. Go and tell the kitchen to not stir-fry the dishes that are not fried, one hundred yuan should be enough, right?"

"Wait a moment, I'll go to the kitchen and take a look." The waiter took the money and ran to the kitchen.

After a while, she came back, "I cooked a dish for you, and helped you withdraw the rest. Do you want me to help you pack it?"

He Mei Xin waved her hand, thinking that Luo Qing Yun's body was unwell, "There's no need."

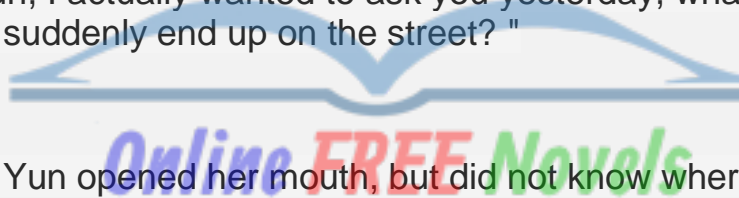

The two of them walked out of the restaurant and breathed in the fresh air. Luo Qing Yun felt much better.

Seeing that He Mei Xin was still accompanying her hungry, she said apologetically, "Mei Xin, you must be hungry after working all day. Tell me what you want to eat, I'll treat you."

He Mei Xin looked at her pitiful pale face and sighed, "Forget it, you can't smell the food, I'll just buy some bread and gnaw on it."

"No, bread is not nutritious. How about this, I'll treat you to western cuisine, okay?" Luo Qing Yun felt bad and suggested.

Hearing that, He Mei Xin frowned, "But you can, but do you have that much money? Qingyun, I actually wanted to ask you yesterday, what's wrong with you? How did I suddenly end up on the street? "

"I ..." Luo Qing Yun opened her mouth, but did not know where to start.

"Forget it, forget it. I'm not gossiping anyway. I just want to know about you." You don't have to say it if you don't want to. We're good sisters, don't worry, no matter what, Big Sis will protect you. " He Mei Xin did not want her to make things difficult for him, so she dutifully patted her shoulders and comforted her.

Luo Qing Yun looked at He Mei Xin and felt moved in her heart. She sniffed and revealed a faint smile on her face, "Mei Xin, thank you."

"Why are you being courteous to me?" He Mei Xin waved his hand nonchalantly, he paused for a moment and continued, "However, you have to tell me one thing, are you pregnant?"

Luo Qing Yun didn't think that she would be able to tell that she was pregnant in a single glance, and her expression immediately became somewhat surprised.

Seeing her expression, He Mei Xin knew he guessed right, so he said, "Your reaction is too big, even normal people can guess, okay? So, you came to find me because of this child? Tell me honestly, did you run into a man with a bad heart? You were dumped because you knew you had children? "

Chapter 69

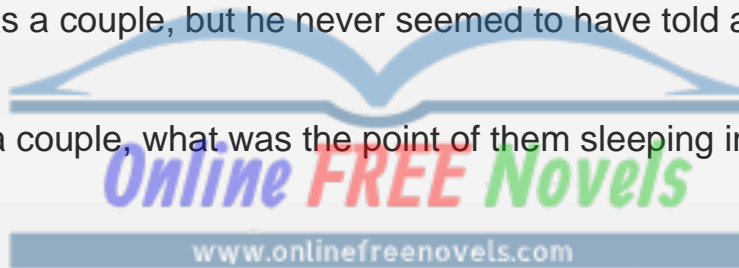

Find her

A heartless person?

Is Su Chen Hao counted?

She didn't know how to define the relationship between her and Su Chen Hao. He said she was a couple, but he never seemed to have told anyone about her existence.

But if it wasn't a couple, what was the point of them sleeping in the same bed every night?

Seeing Luo Qing Yun keep her head low and did not say a word, He Mei Xin thought that she had guessed correctly, "Alright, if you don't want to say it, I will not force you. Let's go home now, I'll cook noodles for you. "

Luo Qing Yun gratefully looked at He Mei Xin, and nodded, "Mei Xin, there are some things that I have yet to think about clearly. After I think it through, I will tell you."

"Alright, no need to rush. Think about it slowly. In short, for the sake of the baby in your stomach, you have to take care of yourself." He Mei Xin said, holding her hand, and the two of them went home.

Royal Group.

Office of the President.

An entire day passed, but Su Chen Hao did not receive any news regarding Luo Qing Yun.

It was as if she had suddenly vanished from the face of the earth, disappearing without a trace.

Outside, Qiu Ye gently pushed open the Office of the President's door and walked in.

Su Chen Hao raised his head, and looked towards Qiu Ye who was walking towards him.

"You found it?" His voice was somewhat hoarse.

Qiu Ye shook his head, "We've already searched for her and even asked his father. We don't even know where she is."

"Could he have gone to look for her mother?" Su Chen Hao asked.

"That won't happen, Jiang Family hurt her that way last time, and with her personality, no matter how hard I tried, I wouldn't go to Jiang Family." Qiu Ye said.

Su Chen Hao's face gradually darkened, his eyes carrying a trace of coldness, "Go and find her, no matter what method you use, you must find her for me."

"CEO, actually ..." Qiu Ye's expression looked a little hesitant.

"If you have something to say, say it." Su Chen Hao was agitated, but seeing him stutter, he became even more unhappy, and his tone became even more impatient.

"It's fine, don't worry, I will go find a private investigator to bring back Miss Lowe."

"A day's time. If I can't see her tomorrow at this time, you don't need to appear again." Su Chen Hao gave his ultimatum, then waved his hand, signalling for him to leave.

Qiu Ye did not dare delay any further, and quickly left to find a private investigator.

He Mei Xin's cooking skills were poor, but the technique of cooking instant noodles was not bad.

Ever since she graduated from university and moved out of her home to live alone, in order to prove to her parents that she could support herself, in the first few months, with a small salary, she could only eat instant noodles. In order to satisfy her own appetite, she put in all kinds of ingredients for the instant noodles.

In the end, he finally learned how to cook instant noodles.

At this moment, in the small apartment, the two of them were sitting across from each other at the dining table. Each of them had a big bowl of instant noodles with various vegetables, eggs, and sausages on it.

"How is it? Does this smell disgusting?" He Mei Xin saw that Luo Qing Yun did not have any unwell reactions, and asked with a smile.

Luo Qing Yun herself also felt that it was strange. Previously, she did not eat instant noodles, so she could not stand the taste of the seasoning bag at all.

However, she didn't know why, but when she looked at the bowl of noodles, which had a unique fragrance to it, she couldn't help but drool. She really wanted to eat it.

"Not disgusting, it looks really delicious." As she spoke, she picked up the chopsticks and picked up a few noodles, placing them in her mouth before nodding her head. "The taste is really good."

Seeing that, He Mei Xin laughed bitterly and shook his head: "Tell me, are you suffering? When someone got pregnant, they would always eat and drink to

their heart's content. But when it came to you, you didn't have enough to eat, so you ended up liking instant noodles instead. The child in your belly is really a heavy taste. "

Luo Qing Yun laughed, she did not say a word, and focused on eating the noodles.

Recently, due to Su Chen Hao and her unwell pregnancy, she hadn't had a proper meal at all.

Now that she finally found something she could eat, she naturally had to eat more.

Not long after, he had finished eating a bowl of noodles.

She wiped her mouth with a napkin and burped in satisfaction.

"How is it? Are you full? " He Mei Xin asked.

Luo Qing Yun nodded, "I'm full. I will eat instant noodles in the future, so I won't have to worry about starving myself anymore."

Hearing that, He Mei Xin rolled her eyes at her, "If you want to be beautiful, then eat instant noodles. At that time, what are you planning to grow? Let me tell you, I only cooked the noodles because of special circumstances today. In the future, I have to obediently eat something good to recuperate my body. "

What was born?

Luo Qing Yun had never thought of this.

When she first found out that she was pregnant, she was pleasantly surprised and often fantasized about whether the baby in her stomach was a boy or a girl, and whether the baby would look like Su Chen Hao or her after it was born.

But now, she didn't dare to think of anything.

"Mei Xin, can I keep this child here?" She touched her belly and asked with uncertainty.

Although he was asking He Mei Xin, it was more like asking himself.

Hearing that, He Mei Xin's expression changed, and she immediately looked at her sternly: "Qingyun, what is the meaning of this? You don't want the baby? "

Luo Qing Yun's eyes lightly flickered, and her eyes instantly turned red. "I myself grew up in a one-parent family, I know what that feels like, and I don't want my child to suffer the same fate as me."

"But the child is innocent. This is a small life, do you really want to do it?" He Mei Xin asked somewhat impatiently.

"I don't know, Mei Xin, I really don't know what to do ... "His father doesn't want him, and I can't give him a complete family. This kind of unfortunate life, I've experienced enough. Can I let my child experience it again?" Luo Qing Yun said and cried.

Originally, she thought that the baby in her stomach was the fruit of her love with Su Chen Hao.

But apparently, she was wrong.

Maybe from the beginning till the end, Su Chen Hao never thought of taking her as his wife.

He Mei Xin understood the pain in her heart. For a moment, she didn't know how to persuade Luo Qing Yun, so she could only hug her, comfort her, and let her cry to her heart's content.

Early the next morning, while Luo Qing Yun was still sleeping, she suddenly heard a scream from the living room.

Luo Qing Yun woke up from her sleep, rubbed her eyes and walked out of her room, to see He Mei Xin brushing her teeth while looking at her phone with a infatuated look.

"Mei Xin, what's wrong?"

Seeing Luo Qing Yun, He Mei Xin immediately wiped her mouth, feeling a little embarrassed: "Qingyun, I woke you up?"

"It's fine, I'm a light sleeper anyway. What was your name just now? " Luo Qing Yun walked over to her side and looked at the phone in her hand.

He Mei Xin quickly handed the phone over to her and saw the headlines on the news. It was the news about the Su Family and Su Family's marriage.

The picture that was matched was precisely the picture of Su Chen Hao and Huo Xi Wen together. Indeed, it was a perfect match between a man and a woman.

Chapter 70 - Date of wedding www.onlinefreenovels.com

When Luo Qing Yun saw the photo, she felt dizzy and almost fell to the ground.

He Mei Xin did not notice her change and only explained, "Qingyun, did you see that? This is what I told you before, how about our chairman's daughter and future master? Mr. Su is so cool! I only saw him once in the company, but I saw the side of his face and was already confused by him. The Miss Huo is truly blessed. To be able to marry such a perfect man, it would truly be envious ... "

Luo Qing Yun stared at the photo blankly, he only felt her entire body turning cold, as though her blood was going to freeze.

When leaving the villa, she had a small wish in her heart. She hoped that Su Chen Hao would look for her, but it was clear that she was wrong.

Perhaps he had already wanted her to leave, but he didn't know how to start, so he hadn't said anything.

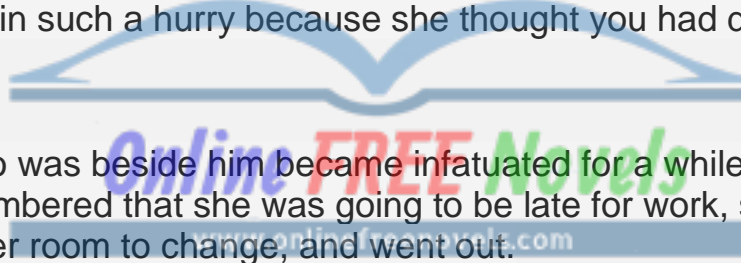

Now that she had left on her own accord to make room for the Miss Huo, they hurriedly spread the news of the wedding.

"September 8th, huh? Isn't it only in half a month? The Su Family is really quick, the wedding will be held so soon, I wonder if a small employee like me can receive an invitation to attend the wedding, I am really looking forward to it." He Mei Xin fantasized as she was infatuated with the man in the photo.

However, Luo Qing Yun felt like she was in an icehouse.

Next month, he would definitely be that impatient to marry the Miss Huo.

Luo Qing Yun, you are really stupid, to actually think that he would come looking for you in such a hurry because she thought you had disappeared.

He Mei Xin who was beside him became infatuated for a while longer, then suddenly remembered that she was going to be late for work, so she quickly went back to her room to change, and went out.

Luo Qing Yun sat on the sofa in the living room in a daze. His phone had been turned off since yesterday, and now, it seemed like it wasn't even important for him to turn it on anymore.

He didn't look for her, so who was she doing with her cell phone off for?

She laughed bitterly at herself before picking up her phone and pressing the power button.

Because her phone didn't have a call reminder, she couldn't receive any missed calls at the time of the shutdown.

A few minutes after the phone was switched on, it suddenly rang.

She looked at the caller ID and saw that it was an unfamiliar number.

Who would call her?

Su Chen Hao?

The only thing that popped into her mind was this name. But very quickly, she shook her head again.

How can I call you when she's ready to get married?

After some hesitation, she slid the answer button.

"Hey, Qingyun, is that you?" On the other end of the phone was a somewhat familiar voice. She couldn't really hear it clearly.

"Who are you?"

"I'm a mother, child. Can't you recognize my voice?" Xie Yue E's tone carried a trace of rebuke.

Mom?

Hearing this name, Luo Qing Yun suddenly felt her stomach churning.

His heart gradually cooled down. "What business do you have with me?"

"What are you saying, silly boy? What can I do for you? Of course I missed you. Where are you now? Can Mom treat you to lunch? "

"No need. Since there's nothing else, I'll be hanging up." She did not know why her mother, who always treated her like a snake or a scorpion, suddenly became so intimate. This change reminded her of her father, whom she had

not seen in a long time. She was very afraid.

"Hey hey hey, don't hang up, don't hang up. Mom has something to tell you." Xie Yue E saw that her attitude was cold and did not want to say much, so she anxiously asked.

"Go ahead."

"But, there's no way to explain it over the phone right now. How about this, you don't want to eat with me, then can we find a place to have a cup of coffee? It won't take up too much of your time, just half an hour, okay? "

Luo Qing Yun hesitated.

"How is he now? I heard that he went overseas to study. How is he? " Xie Yue E asked again on the other end of the phone.

Hearing that she mentioned her brother, Luo Qing Yun's heart softened.

Yes, even if she didn't like her mother, but since she now thought of caring for her brother, could she meet her once?

Maybe her brother wasn't as averse to her mother as she was.

What right did she have to refuse on behalf of her brother?

"You're thinking of Jing Bei now?" Luo Qing Yun's tone was cold and harsh.

"Yes, I know that it was Mommy's fault in the past. Mommy shouldn't have left you two siblings behind. As a woman, what can I do? Could it be that they will guard him, bringing you two siblings to starve to death? Qingyun, mom knows you hate me, so I don't expect you to forgive me, but please give mom a chance. Let's meet up. You've grown up, you're out of the world, you're able to support yourself, but Jingbei is still studying, and I know it will cost a lot of money to study abroad, so Mom can help him. " Xie Yue E knew that the reason for her sudden breakthrough was with Luo Jing Xun, so he tried her best to pull the topic towards him.

Sure enough, when Luo Qing Yun heard about this matter with her brother, in the end, she could not bear to reject, so she asked, "Send me the time and address."

"Okay, I'll send it to you right away. That... Do you need me to tell the driver to come and pick you up?" Xie Yue E considerately asked.

"No need, I'll go over myself." Luo Qing Yun rejected him immediately without thinking.

After hanging up the phone, Xie Yue E sent a message with the meeting time and address.

Luo Qing Yun looked at the address and threw her phone to the side.

In a very stylish coffee shop in the center of the city.

Luo Qing Yun punctually appeared and just as she entered the door, she saw Xie Yue E sitting in the corner.

Xie Yue E also noticed her, and immediately stood up and waved her over.

Luo Qing Yun walked up to her, and for once, helped her pull up a chair, her expression extremely attentive.

"After not seeing you for a few years, you look more and more beautiful. You look very similar to me when I was young." Xie Yue E sized her daughter up from head to toe, and said with a smile.

Hearing her words, Luo Qing Yun was not happy in his heart.

Her gaze swept across Xie Yue E's face. Although she was already half old, but because she had lived like a prince for a long time, she didn't look old. It was just that the fine lines at the corner of her eyes could still show her age.

She was wearing a dark green dress, with her hair tied up gracefully and a pearl necklace around her neck. She gave off the vibe of a noble lady.

The waiter came over and ordered. Luo Qing Yun asked for a cup of coffee and then fixed her gaze on Xie Yue E's face, "If there's anything you want to say, just say it."

Xie Yue E saw her cold attitude and her face stiffened slightly. She then said, "Qingyun, I let you two siblings down with that matter back then. I, as her mother, chose my own way out and didn't think about you two. "Actually, all these years, I've been dreaming about you guys every night, I ..."
